

# St Elizabeth's Catholic Primary School Catholic School Parents Committee and Members

As a 'new' school growing slowly overtime, I want to share with you our parent's commitment to 'their school' too. Again this year in 2019 we have parents who are able to share their valuable time with us and join the CSPWA St Elizabeth's Catholic Primary School. We have a small group of parents who attend meetings when able, but also put their hand up to take on any role. Our Parents set a wonderful example of our Christian values, dividing their energies between external community support for example: Parish events and morning teas. Our parents organise activities for the development of the St Elizabeth's Catholic Primary School Family; Father's Day, Mother's Day, school banking and fundraising events, we have had movies nights and cake stalls to purchase resources for our Library, Science room and play equipment.

As the Principal, I stand with our staff in awe of these wonderful mums and dads who in the busyness of their lives want to ensure they are active partners in the education of their child/children.

God love and thank our wonderful partners! xx
